

The Upward Bound Programs are designed to prepare one hundred eligible students from area high schools in Alfalfa, Major, and Woods Counties for college entry and success. The program's components are designed to provide students with four years of continuous preparation for college beginning in the fall of their ninth grade academic year.

The Upward Bound program is comprised of both an academic year curriculum and a six-week summer session. The academic year curriculum consists of bi-weekly in school meetings, on-going academic advising, and monthly academic activities which take place on the campus of Northwestern Oklahoma State University.

The six-week summer session consists of four consecutive summers (beginning after the eighth grade) and is designed to develop college-requisite competency in mathematics, reading, writing, sciences, foreign language, and academic/study skills. During the summer session, students participate in classroom academic instruction/activities, as well as, have the opportunity to be on the campus of Northwestern Oklahoma State University, reside in the dormitory with access to university food service, use the facilities at the J.R. Holder Wellness Center, participate in fun, hands-on group activities, and take a week long out-of-state, cultural trip.

Sound like FUN??? Contact the Upward Bound Office at 580-327-8114 for more information!!

**SEE YOU THERE!!!**
