NOTE: During Phase # 2: Rest 90 Sec. between each set, and 2:30 Minutes between each Lift. Also the Velocity of the lift should be raise it in 2 seconds and lower it in 4 seconds. This is very IMPORTANT.

If you can complete the exercise add 5 lbs. the next time you lift to your MAX. (Example: Power Clean Max is 300lbs. And you completed all your sets go to 305lbs the next time you Power Clean. Pay close attention to the percentages they change daily.

What are you doing to be a NATIONAL CHAMPION TODAY!
