

CORE Meeting 2011-2012

Wednesday, September 7, 2011 – 1:00 p.m.

- The meeting began with introductions of everyone who attended.
- Dr. Mackie talked about the upcoming CORE Short Film Environmental Series starting with the first film “*DIVE – Living off of America’s Waste*”. The series will be held the second Friday of every month at noon. Sept. 9 is the first film date and we will meet in the Student Center Wyatt Room. Future locations will be determined at a later date!
- Janet Valencia showed everyone a new t-shirt design for CORE. She will get a price quote on purchasing the t-shirts and share with you the cost at the next meeting.
- Valencia has started writing the Tree Campus USA application so NWOSU can become a Tree Campus USA through the Arbor Day Foundation. The application has several components and CORE, the university administration and staff, faculty, students and community members will be to start the planning process and application submission.
- Mackie and Valencia are looking into a partnership with Delta Zeta for planning this next year’s Big Event. We feel that CORE is too small a group to handle all the planning of TBE as it has grown to such a large event. A partnership will allow CORE to focus more on environmental issues and growing our membership but still be involved with the planning of TBE.
- Snacks were provided to those in attendance.
- 2011-2012 officers were elected.
 - President – Alicia Mitchell
 - Vice President – Adam Burnett
 - Secretary – Cassie Potter
 - SGA Representative – Rebecca Salinas
 - Enid Representative – Linda Chavis
 - Woodward Representative – Charlie Burns
- Everyone is encouraged to bring a friend to the next meeting to help grow our organization.
- Our next meeting will be October 12 at 1:00 p.m. Location to be determined at a later date.
- Have a great month!!!!
