Assessment & Institutional Effectiveness

Assessment Newsletter

Spring 2018

With finals just around the corner, I hope you had a successful semester and are looking forward to summer!

This semester the Office of Assessment & Institutional Effectiveness (A & IE) administered a variety of recurring assessments and surveys, including the ETS Proficiency Profile, Faculty Satisfaction Survey, and Co-Curricular Learning Survey. Each of the tools mentioned previously is administered either annually or on a 2-3–year rotation. If you'd like to look at the results of the, please go to the Assessment and Institutional Effectiveness webpage (https://www.nwosu.edu/assessment).

Course evaluations took place between April 9th and 20th. I would like to say thank you to the faculty, staff, and students for your cooperation during this process. It's a joint effort and I am extremely appreciative of all you do to make this process run smoothly!

Institutional Assessment Plans

Summer 2018

The Director of A & IE will hold various workshops in June for all areas that complete an institutional assessment plan. Please plan to come for a refresher on how to utilize ALCA, time to complete the plans with assistance, and updates on future additions we

will be adding to our assessment form. The additions we will include on future plans will be simple, yet extremely helpful in gathering evidence to support our accreditation process. Hope to see you there!
