## ON THE COVER

The idea of a prominent visual entity utilizing the Ranger horse and rider symbol discussed by university leaders. This highly identifiable image would be a permanent fixture promoting a common identity at all three campus sites. It also would create an environment with a collegiate atmosphere that instills pride in the institution, the campus, and the three communities Northwestern serves. Through this discussion, *"The Ranger"* project was born. And through a generous donation, the Alva campus monument is being underwritten by Tom and Brenda McDaniel. Tom and Brenda have been loyal supporters of Northwestern through the years and continue to financially support the Northwestern Foundation and its programs. A tentative dedication ceremony in Alva is scheduled for November 2007.

In honor of Northwestern's 110 years of service, 110 maquettes of the monument, which are 12 inches tall, will be cast and sold as numbered limited editions. The Foundation and Alumni Association will use the proceeds for benefit of the university. To contact the Foundation concerning a maquette, please call (580) 327-8593.

Western artist Harold Holden of Kremlin, who has a gallery in Enid, has been commissioned to create *"The Ranger"*. When finished, it will stand approximately 10 feet high and be placed on a four foot base. The base will be engraved with the McDaniels' names. Holden has been capturing the West in sculptures and paintings for more than 30 years. While his work can be found in the Oklahoma State Capitol and on a U.S. Postage Stamp, his public sculptures have kept him busy the last few years. His sculpture of Will Rogers on horseback can be seen at Will Rogers World Airport in Oklahoma City. His sculpture titled *"We Will Remember"* is a kneeling cowboy now on the campus of Oklahoma State University as part of the OSU basketball team plane crash memorial. Holden also is working on numerous State Centennial Projects. A number of his monuments also can be seen on the Enid downtown square, as well as in Enid's Government Springs Park. To see other examples of Holden's work, please visit [www.hholden.com](http://www.hholden.com).
