BIOLOGY CLUB

- **Prepare for a career in medicine, engineering, research, high school science teaching, industry, and more**
- **Experience science firsthand with small class sizes and well-equipped labs**
- **Excel in academics with options available in pre-professional areas to include pre-health and pre-engineering**
- **Participate in undergraduate research and present at professional conferences**
- **Become involved in several K-12 STEM outreach programs**
- **Earn awards with over \$20,000 in departmental scholarships for continuing science majors each year**

**Success Lives Here**
