Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Enrollment and Program Completers

2019-20 Total	
Total Number of Individuals Enrolled	215
Subset of Program Completers	36

Gender	Total Enrolled	Subset of Program Completers
Male	11	7
Female	62	29
Non-Binary/Other	0	0
No Gender Reported	142	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	6	3

Native Hawaiian or Other Pacific Islander	0	0
White	57	30

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	0	0
No Race/Ethnicity Reported	150	2

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

☐ No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Do participants earn a degree upon completion of the program?

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(§205\(a\)\(1\)\(A\)\(iii\); §206\(b\)\)](#)

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☒ Yes

☐ No

☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

A common thread throughout NWOSU Education Programs includes studies of diversity. Our field based experiences include all areas of diversity. Candidates are required to observe students in a variety of settings which include areas of poverty, urban and rural schools, and children with special needs. All teacher education candidates are required to complete courses with the content of teaching students with special needs.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

- ☒ Yes
- ☐ No

b. use technology effectively to collect data to improve teaching and learning

- ☒ Yes
- ☐ No

c. use technology effectively to manage data to improve teaching and learning

- ☒ Yes
- ☐ No

d. use technology effectively to analyze data to improve teaching and learning

- ☒ Yes
- ☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Students learn to implement technology through course activities, presentations and assignments all of which are aligned with the ISTE standards. When planning lessons, students are required to incorporate technology as both a learning strategy and a learning activity. As a part of the Teacher Work Sample, students use technology to collect, manage, and analyze data in their determination of the impact on student learning as a result of the lesson. A review of the professional education curriculum resulted in the addition of an education technology class implemented in Fall 2015.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

A required course for all education majors is specifically designed to address the recognition and subsequent learning strategies for individuals who meet IDEA guidelines. Parents of children with special needs are guest speakers in classes, as are professionals from teaching associations, who discuss the importance of teaching students with disabilities. Mock IEP meetings are conducted in which candidates role-play certain parts of the meeting, along with faculty, to allow students to experience the importance of each role in the IEP process. Lesson and unit plans developed by candidates must include instructional strategies for those with disabilities and those who have limited English proficiency. Field experiences include classrooms in which there are students with disabilities and limited English proficiency

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

As cited in section 1.a. - All education majors take a course in which IDEA guidelines are taught. Education majors learn to develop IEP's and discuss the implications of the document.

c. Effectively teach students who are limited English proficient.

All education majors take a course in which they learn how to work with students who are limited English proficient. Instructional strategies for working with students who are limited English proficient are interwoven throughout various methods courses in all content major coursework.

2. Does your program prepare special education teachers?

- ☒ Yes
- ☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

In addition to the courses above, special education candidates complete additional rigorous special education coursework and a minimum of 90 practicum hours working with special education teachers and students. Candidates preparing for a special education degree have extensive training in completing the paperwork required for an IEP and the role of the special education teacher in this team. a faculty member with ELL training conducts a teaching unit to one of the special education classes.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

As cited in section 1.a. - All special education majors take a course in which IDEA guidelines are taught. Special education majors learn to develop

IEP's and discuss the implications of the document. They hold mock IEP meetings and learn effective parent communication practices.

c. Effectively teach students who are limited English proficient.

All education majors take a course in which they learn how to work with students who are limited English proficient. Instructional strategies for working with students who are limited English proficient are interwoven throughout various methods courses in all special education courses.
