***Complete and return ONLY  
this cover sheet AND the  
appropriate page specifying  
the requested modification!***

**Signature of President:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Date of Governing Board Approval:** \_\_\_\_\_

**(7) Program Requirement Change**

Rev July 2007

*Oklahoma State Regents for Higher Education*  
**REQUEST FOR PROGRAM MODIFICATION**  
(continued)

Institution submitting request: Northwestern Oklahoma State University

State Regents' three-digit program code and Program name of program to be modified:

001 Accounting

**(7) PROGRAM REQUIREMENT CHANGES**

- Course requirement change (change in number of core courses, electives, general education, etc. Changes in course prefixes that do not effect content should be reported, but do not require approval.)
- Degree program requirement change (i.e. prerequisites, minimum GPA for admission or other admission criteria changes, graduation criteria change, etc.)
- Total credit hours for the degree will **NOT** change.
- Total credit hours for the degree will change from \_\_\_ to \_\_\_.

Summary of changes (attach no more than one page if space provided is inadequate):

Add FIN 1113 to the list of required general education course and to the list of courses which the student must achieve a grade of "C" or better to be admitted for the Accounting major-minor.

Will total number of credit hours required for the degree change     No     Yes

Explain

Attach current and proposed degree program requirements and degree program objectives (on no more than three pages). **Indicate the changes clearly.**

Will requested change require additional funds?  No     Yes

If yes, please specify the number of the additional costs, the source of the funds, and how they will be expended (attach no more than one page if space provided is inadequate).

Reason for requested action (attach no more than one page if space provided is inadequate):

The Division of Business believes that Accounting majors should understand issues of Personal Finance. Although the class is a required general education class for the university, students may satisfy the university requirement with a grade of "D." The Business faculty believe that Accounting majors should at least achieve minimal mastery (grade of "C" or better) in Personal Finance. Making the class part of the required general education class would bring the class within the programs requirement that a student must achieve a grade of "C" or better on all required general education classes and a GPA of 2.5 or higher on all required general education classes and Foundation Core classes.

Reason for requested action (attach no more than one page if space provided is inadequate):

The Division of Business is making these changes to better prepare the students to take the upper-level Business courses required for the degree. These changes are consistent with the required general education classes that all Business Administration and Accounting majors are required to take.

## SUMMARY OF BUSINESS ADMINISTRATION PROGRAM CHANGES

- i. Designate ECON 2113 *Macroeconomics* and ECON 2123 *Microeconomics* as required general education classes – The Economics classes are prerequisites to FIN 3013 and MGMT 4433.
- ii. Designate MATH 1513 *College Algebra* as a required general education class – MATH 1513 is necessary to prepare students to be successful in the upper-level Business classes. It is a required general education class for the Accounting and Business Administration majors.
- iii. Include MATH 1313 *Statistics* in the Technical Management Core – MATH 1313 is necessary to prepare students to be successful in the upper-level Business classes. It is a required class for the Accounting and Business Administration majors.
- iv. Increase the required number of upper-level directed electives from 11 to 12 – All Business classes are three credit hours in length. Therefore it is more accurate to require the students to take 12 hours in upper-level electives rather than 11 hours.
- v. Increase the total number of hours required in the Technical Management Core from 41 to 45 – The change reflects the addition of MATH 1313 and the additional hour of upper-level electives.
- vi. To assure that the students have 40 hours of upper-level coursework, at least three hours of general education and six hours of free electives must be upper-level courses.
