

Northwestern

OKLAHOMA STATE UNIVERSITY

Northwestern Oklahoma State University encourages high school students to get a head start on reaching their goals by earning college credit prior to high school graduation. Northwestern will waive up to 12 credit hours of tuition per academic year* for high school juniors and up to 18 credit hours per academic year* for seniors who qualify for concurrent enrollment. This year we increased the tuition waiver by 3 credit hours for juniors, who may start taking concurrent courses during the summer before their junior year. This waiver does not include mandatory fees or the cost of books and you must be an Oklahoma resident to qualify. You can learn more about concurrent enrollment at Northwestern and download the forms to get started today by visiting our website at <https://www.nwsu.edu/apply-for-admission/concurrent-students>. To get additional information, please contact the Distance Education office at (580) 327-8180 or igboedecker@nwsu.edu.

Concurrent students may enroll in ITV or face-to-face courses on a Northwestern campus or in any of the courses below for which they have met the prerequisites.
