

Assessment & Institutional Effectiveness

Assessment Newsletter

Spring 2016

With final exams right around the corner, we hope you are looking forward to the end of the spring semester!

This semester the Office of Assessment & Institutional Effectiveness (A & IE) administered a variety of recurring assessments and surveys, including the Noel-Levitz Student Satisfaction Inventory, ETS Proficiency Profile, Faculty Satisfaction Survey, Campus Climate Survey, Administrator Evaluations, and Course Evaluations. Each of the tools mentioned previously are administered either annually or on a 2-3-year rotation.

Course evaluations took place between April 11th and 22nd. The Office of A & IE would like to say thank you to the faculty, staff, and students for your cooperation during this process. It's a joint effort and we are extremely appreciative.

Co-Curricular Focus Groups

Spring 2016

In addition, the Office of A & IE also held meetings with two focus groups during the spring semester to discuss how students involved in Greek life and the Student Government Association are learning about ethical leadership and service, critical thinking, and fiscal

responsibility through their participation in these two organizations. We were able to gain a vast amount of information regarding the activities students take part in and are looking forward to learning more in the fall.

Upcoming Activities

• • •
