

Assessment & Institutional Effectiveness

Assessment Newsletter

Spring 2017

With final exams drawing near, I hope you are looking forward to the end of the spring semester!

This semester the Office of Assessment & Institutional Effectiveness (A & IE) administered a variety of recurring assessments and surveys, including the National Survey of Student Engagement, ETS Proficiency Profile, Staff Satisfaction Survey, Co-Curricular Learning Survey, Administrator Evaluations, and Course Evaluations. Each of the tools mentioned previously is administered either annually or on a 2-3-year rotation.

Course evaluations took place between April 10th and 21st. I would like to say thank you to the faculty, staff, and students for your cooperation during this process. It's a joint effort and I am extremely appreciative of all you do to make this process run smoothly!

Office of A & IE Changes

LiveText to ALCA

The Office of A & IE will no longer use LiveText for Academic and Institutional Assessment Plans, but instead will begin using ALCA. I held a brief training with those who report Academic Assessment results and will hold a training

in June for those who submit Institutional Assessment Plans. If applicable, please try and attend this meeting. Please keep an eye out for more details to be given in May!
